Becoming Data-Centric

Schedule & Pricing Information

We are pleased to bring our interactive training, Becoming Data-Centric (BDC), to your organization. BDC is a comprehensive course that allows you to offer your team the knowledge they need to take your Data-Centric initiatives to the next level.

We understand that it can be difficult to schedule your team for an entire day, so we have designed the course to fit your needs. Therefore, our in-house pricing is determined on a per-day basis. BDC can be delivered all in one day or broken down into 2-4 sessions totaling 8 hours. You choose the date(s) & time(s) that work best for your team.
